

DeepL Translator

INTRODUCTION TO DEEPL ONLINE TRANSLATOR

What is DeepL?

- ▶ DeepL is a powerful online translator, similar to Google Translate, but with better translation quality.
- ▶ It can translate up to 1500 words for free and offers unlimited translations with registration.

Language Support

- ▶ DeepL supports multiple languages, including:
- ▶ - English
- ▶ - German
- ▶ - French
- ▶ - Spanish
- ▶ - Italian and many more

How to Use DeepL

- ▶ 1. Go to the website: <https://www.deepl.com/en/translator>
- ▶ 2. Select the language you want to translate from.
- ▶ 3. Select the language you want to translate to.
- ▶ 4. Enter your text in the left field, and DeepL will automatically translate it.

Review the Translation

- ▶ DeepL provides high-quality translations, but it's always a good idea to review the result to ensure the meaning is preserved.

Copy and Save the Translation

- ▶ Once you are satisfied with the translation, you can copy it or save it in a document. DeepL offers an easy way to copy the text.

Conclusion

- ▶ DeepL is a great tool for translating multiple languages. You can use it for personal and professional needs. For more features, register and translate without limitations.
